

EXTRA SITTINGS, SULZER'S CLUB

He Will Keep Calling Sessions Till He Gets Primary Law.

SEES HIS WAR BOARD

Tammany Intends to Ignore Him and Adjourn by April 26.

HEARST FOR THE SENATE

Governor Has Many Plans, Including the Filling of Mr. Root's Shoes.

ALBANY, April 12. Gov. Sulzer spent nearly all of the day, until he left for New York this afternoon, consulting with the members of his war board in the Executive Chamber on the details of the Statewide direct primary law, with which Gov. Sulzer's new political friends hope to put Charles F. Murphy out of business as Democratic State leader.

An extra session of the Legislature is to be convened by Gov. Sulzer every month until this law is passed as he wants it.

Gov. Sulzer has made it plain to his friends in the past week that he has embarked upon a final fight to demonstrate to the people of the State that he is, in fact as well as in name, the Democratic State leader while he is Governor. And he hopes to be Governor until the time comes around for the nomination of a President in 1916, because he feels that if the State convention is abolished he can easily secure a renomination by the direct vote of the enrolled Democrats at the primaries next year.

The Progressives have a few votes in the Legislature and they are in favor of the Governor's bill, which is being drafted to provide for the direct nomination at the primaries hereafter of all elective State officers. Gov. Sulzer expects that those Republicans who desire to reorganize the Republican State machine and dethrone William Barnes, Jr., as chairman of the Republican State committee also will help to put his direct primary law through the Legislature.

Then the Governor will attempt, though appeals to the people, to get every up-State Democratic Senator and Assemblyman, and perhaps a few from New York and Brooklyn, to join the half dozen Progressives and the independent Republicans in the Legislature in the hope of securing twenty-six of the fifty-one Senators and seventy-six of the 150 Assemblymen which will be needed to secure the passage of the law.

Already Gov. Sulzer is having drafted the necessary legislation for passage at this session to carry into effect the new amendment of the Federal Constitution providing for the direct election of United States Senators by the people. By the time a successor to Elihu Root is to be elected at the November election next fall Gov. Sulzer hopes he will have fully demonstrated to William H. Hearst that he is the real Democratic State leader, and not under the domination of Charles F. Murphy, and also that Mr. Hearst will consent to be the Democratic candidate for United States Senator to succeed Mr. Root.

Gov. Sulzer and his friends seem to be under the impression that the Legislature is to be in session until the middle of May.

The present plan of the Democratic leaders is to adjourn the Legislature before May 1, and then convene it again by Saturday, April 26, without paying any attention to Gov. Sulzer's reform legislation. Should this course be followed Gov. Sulzer will call the legislators back in extra session, and he believes that before the summer is over Tammany will be forced to succumb in view of the Majority right next fall.

Gov. Sulzer also expects to have the Federal Administration back of his proposed direct primary law, and if necessary to make every Democratic State official who owes his job to Tammany influence turn his allegiance to the Sulzer administration or get out.

Before leaving for New York this afternoon Gov. Sulzer and the members of his war board agreed that the direct primary bill which is being drafted should embrace the following essentials:

1. Election districts to be made the unit of representation.
2. All nominations for public office and party positions to be by petition.
3. No party emblem or circle on primary ballots.
4. Prohibition of the use of party funds at primary elections.
5. A State committee, membership of 150, or one from each Assembly district.
6. Reduction of the number of names required on a nominating certificate.
7. Proper limitation and publicity of the amount that may be expended by any candidate for the purpose of securing a nomination.
8. Time for filing independent nominations to be lengthened.
9. Approval of a slate group for candidates on primary ballot, position to be determined by lot, each candidate numbered in each group.
10. Only State and county committees to be chosen directly by the voters.
11. Primary districts to be made identical with election districts.
12. Party platform to be framed by a party council composed of members of the State committee, party candidates for the Senate and the Assembly, in office Senators and State elective officers who are members of the party.
13. Committee on filing vacancies on primary ticket to be named in the designating petition.
14. Chairmen of county committees may be elected from outside the committee membership.

CONVICTS HURT AS JAIL BURNS.

But None Attempt to Escape When Flames Destroy Buildings.

LASSING, Kan., April 12. Fire destroyed today the wine plant, tailor shop, tinker shop, blacksmith shop and gymnasium of the Kansas State prison and injured several convicts and guards. In addition to the buildings machinery valued at \$70,000 was destroyed, together with 2,500,000 pounds of bonding time, with a total loss of \$250,000. None of the convicts attempted to escape during the fire.

A dozen convicts and guards were injured. J. M. Brook, a guard in the tailor shop, and fifty convicts were trapped. They escaped by jumping from a third story window. Frank River, 22 years old, sentenced to fifteen years from Wichita for burglary, was the most seriously injured.

Several score of inmate prisoners incarcerated near the wine plant became terror-stricken when the fire broke out.

B. Altman & Co.
